

Your Health is Our **Priority**

Hillsdale Shopping Center is committed to helping ensure the protection of all our customers, employees and tenants, and to preserving the health of our neighbors and the business community. In light of our current opening, Hillsdale Shopping Center will implement relevant government-mandated health and safety protocols to address customers concerns during this initial recovery phase.

We are providing the following preventative operations and best practices to ensure a healthy, clean and safe shopping environment:

- Continuing to increase frequency of cleaning following the CDC and local health dept. guidelines, focusing on high traffic areas such as restrooms, water fountains, elevators, escalators, hand rails, door knobs and mall entrances.
- Requiring face masks and proper distancing of all customers upon entry of the Center.
- Monitoring and controlling the number of customers entering and exiting the center.
- Implementing policies and signage throughout the Center related to social distancing and use of face masks while on the premises.
- Providing an increased number of hand sanitizers at convenient locations throughout the Center.
- Seating in outdoor areas is available but has been reduced. All tables, chairs and furniture in the North Block will be cleaned daily.
- Kiddie Kruzzler strollers and bag storage will not be available at this time.
- Additional customer service will be available to answer your questions or concerns.

We encourage everyone to take common sense precautions to prevent the spread of infectious diseases including common illnesses like colds and flu. We advise that anyone who is sick, please remain at home.

- Wash your hands often and avoid touching the face, particularly the eyes, nose and mouth.
- Use proper cough etiquette by coughing or sneezing into a tissue, sleeve or arm (do not use hands).
- Avoid shaking hands. If you do, wash hands for at least 20 seconds.
- Practicing social distancing etiquette.

At this time, Hillsdale Shopping Center is taking extra precautions to keep the Shopping Center clean and sanitized using the highest quality hygiene measures for our customers. Updates will be posted on our website home page daily.

Thank you.
