

DINING PROTOCOLS

Restaurant dining will be different in today's environment. Shoppers will notice changes within our dining areas and other restaurants at Hillsdale to accommodate a safe dining experience. As outlined in health department protocols, you will see the following practices go into effect as of December 21, 2020:

- No indoor or outdoor seating available.
- Takeout, curbside pickup, and delivery options are available. Please call restaurants for more information.
